

## **Eternal Security Discussion!** *DTS Special Edition* *Slide Notations*

When we left off three weeks ago...Engaged in the "eternal security" issue!

While it's both the best and worst conversation we have in Christianity... For me, usually falls out on the side of worst... Can't always say all that needs to be... People don't always listen to the end... People leave w/false sense life/sin!

Before you leave saying we don't believe in eternal (modified) eternal security or that we are saying you can die with unforgiven sin and go to heaven... hear this... *Always taught to "consider the source!"*

### **We are Salvationists!**

Believe that you don't draw first breath until you're saved! Believe that no man can see God unless saved! Believe sins aren't forgiven unless covered in the blood of Jesus! Believe sins must be forgiven for us to enter the presence of a Holy God!

**Salvationists!** Do believe that once you are saved by grace thru faith, you are saved... Do believe works should follow salvation but that they are not the means of salvation! **E2.8** Do believe that faith got you in and works cannot get you out! Do believe that you can be saved, live like (noun) hell, die and go straight to heaven... Broke, yes! Ashamed, yes! But, be there as a man coming/fire! **1C3.10-15** Do believe that you can be saved, live like (noun) hell, begin thinking like (noun) hell, and give back your salvation! **Is14.13 H6.4,5 R1.24**

**Salvationists!** Do not believe you can *lose* salvation! How can you explain losing God? Losing the Cross/Word of His Truth? God losing track of you? Calvinists who say, "Eternally secure, cannot lose salvation" mostly right! But explaining corrupt behavior of "saved" people as "never really saved" is wrong!

**Salvationists!** Do not believe you can die w/*unforgiven* sin and make it to heaven, for any reason! Do believe that you can die with *un-confessed* sin and make it to heaven in a heartbeat!

The same legalism that hates eternal security, hates the concept of dying with un-confessed sin...

**"100% of people who die w/unforgiven sin will find themselves in hell, separated from God for eternity!"**

We believe that 100% and that's why we are Salvationists!

**"99.999% of believers will die with un-confessed sin and go straight to heaven!"**

We believe that 100% and that's because we are Spiritualists!

### **Why? Because "whatsoever is not of faith is sin!" R14.23**

How many believers will die with... (Jesus short list) w/Anger...? Lust...? Divorce...? Promises...? Getting even...? Not loving the unlovable...? Anxiety? Not Tithing... trusting... not separated from the world...?

**Unless you time your last prayer, exactly, believers will die with unconfessed sin and no one would even begin to suggest they would die and go to hell because those sins were unforgiven!**

### **Great gulf of separation between unforgiven sinners and un-confessed sin of believers...**

The first have no hope of getting in, the second have no where else to go!

**Q #1: When are your sins forgiven you?** At the cross 2,000 yrs ago, fully received at new birth!

**Q #2: What does un-confessed sin (of a believer) do to us?** Breaks our fellowship with our holy God!

**Q #3: What does confessing our sins, of already forgiven believers, do for us?** Restores our intimacy!

**Important to finish conversation...** Do we believe in eternal security?

Talking about the endless love of God, the certainty of the Cross and the integrity of His securing... YES!

Talking about not being able to lose salvation... YES!

Something you can't get away from... NO!

**We are as eternally secure as we want to be!**

**Important to finish conversation...** Why do we spend so much time trying to find the boundaries?

Can I backslide so far I lose my salvation?

What things can I do and still be saved?

When does God's grace run out on my willful sinning?

**People who are secured by salvation should be looking for the center of God's divine perfect will!**
